

Ex 1:

<https://www.cs.princeton.edu/~sayashk/ai-hype/ai-reporting-pitfalls.pdf>

<https://phys.org/news/2022-09-artificial-intelligence-equation-quantum-physics.html>

Pitfall 1 in title. Seemingly extremely common even on real news. “AI does thing” in title, “researchers do advanced real thing with AI” in actual body text.

<https://the-decoder.com/ai-audio-is-on-the-rise-and-will-spark-new-debates-about-the-value-of-human-effort/>

Pitfall 4, 5, and sorta 7 in title. 5, 11, 13, 16,

<https://levelup.gitconnected.com/the-end-of-programming-6e3f7ff0d8b4>

Blog post but hopefully it fits and Copilot is sort of relevant.

Pitfall 2? DALL-E art.

Pitfalls 5, 7, 8, 13 (describing a program to AI is literally like writing with a programming language lol), 18, 11,
